Prepared by the Delaware Emergency Management Agency

Hazardous Material Conference 2009

Fire Service – EMS – Law Enforcement – HazMat Teams

FRIDAY NIGHT TEAMBUILDING DINNER

Dinner, door prizes, gifts, and vendors. The speaker is Gregory G. Noll, nationally renowned HazMat speaker, teacher, and writer. Teambuilding activities and special presentations.

SATURDAY BREAKOUT SESSIONS

Attendees will receive credit for HazMat Refresher Training and EMS continuing education units (CEUs). Continental breakfast and lunch will be provided. There will be door prizes, gifts, and vendors. ***Session descriptions and the schedule are below. Please select sessions for the day; complete and fax the registration form. Complete a registration for each attendee.***

1. **Ricin Incident Las Vegas Nevada** – Briefing by the Las Vegas Metro Police ARMOR Unit and the 92nd Civil Support Team on the extensive response and investigation of the Feb 2008 incident and a comparison to a Feb 2003 Ricin incident. (*Law Enforcement interest*)
2. **Emergency Medical Service Training** – Dr. Edward Jasper, Jefferson University, will provide a lecture on WMD/HazMat threats and hazards related to emergency medical response and will conclude with mini drills using an advanced simulation manikin.
3. **Practical Exercise Scenario** – this will be a realistic scenario that involves assessment, monitoring, sampling, and response to an unknown substance.
4. **Transportation Emergencies** – Mr. Bill Hand, Houston TX, will discuss HazMat transportation emergencies and response issues concerning tank trucks.
5. **Ethanol** – this will include a presentation on the characteristic, properties, and emergency response issues associated with ethanol. Speaker to be determined
6. **HazMat / WMD Training** – Mr. Gregg Noll, will speak on "Competency-Based HazMat/Weapons Mass Destruction Training: Facts, Fictions and Realities." It will incorporate an update of NFPA 472, with some additional information.
7. **Propane/Natural Gas** – Mr. Ric Chatham, Chesapeake Utilities, Director of Safety, will speak on propane and natural gas properties, hazards, and emergencies.
8. **HazMat Sampling** – Ms. Tara M. Lydick, DE Division of Public Health, will discuss the critical laboratory and HazMat responder interface and how response teams can get the most out of laboratory results.
9. **31st Civil Support Team** – will discuss their mission and provide an overview of their capabilities to include a Static Display of their robust interagency communications, mobile analytical laboratory, and other response capabilities.
